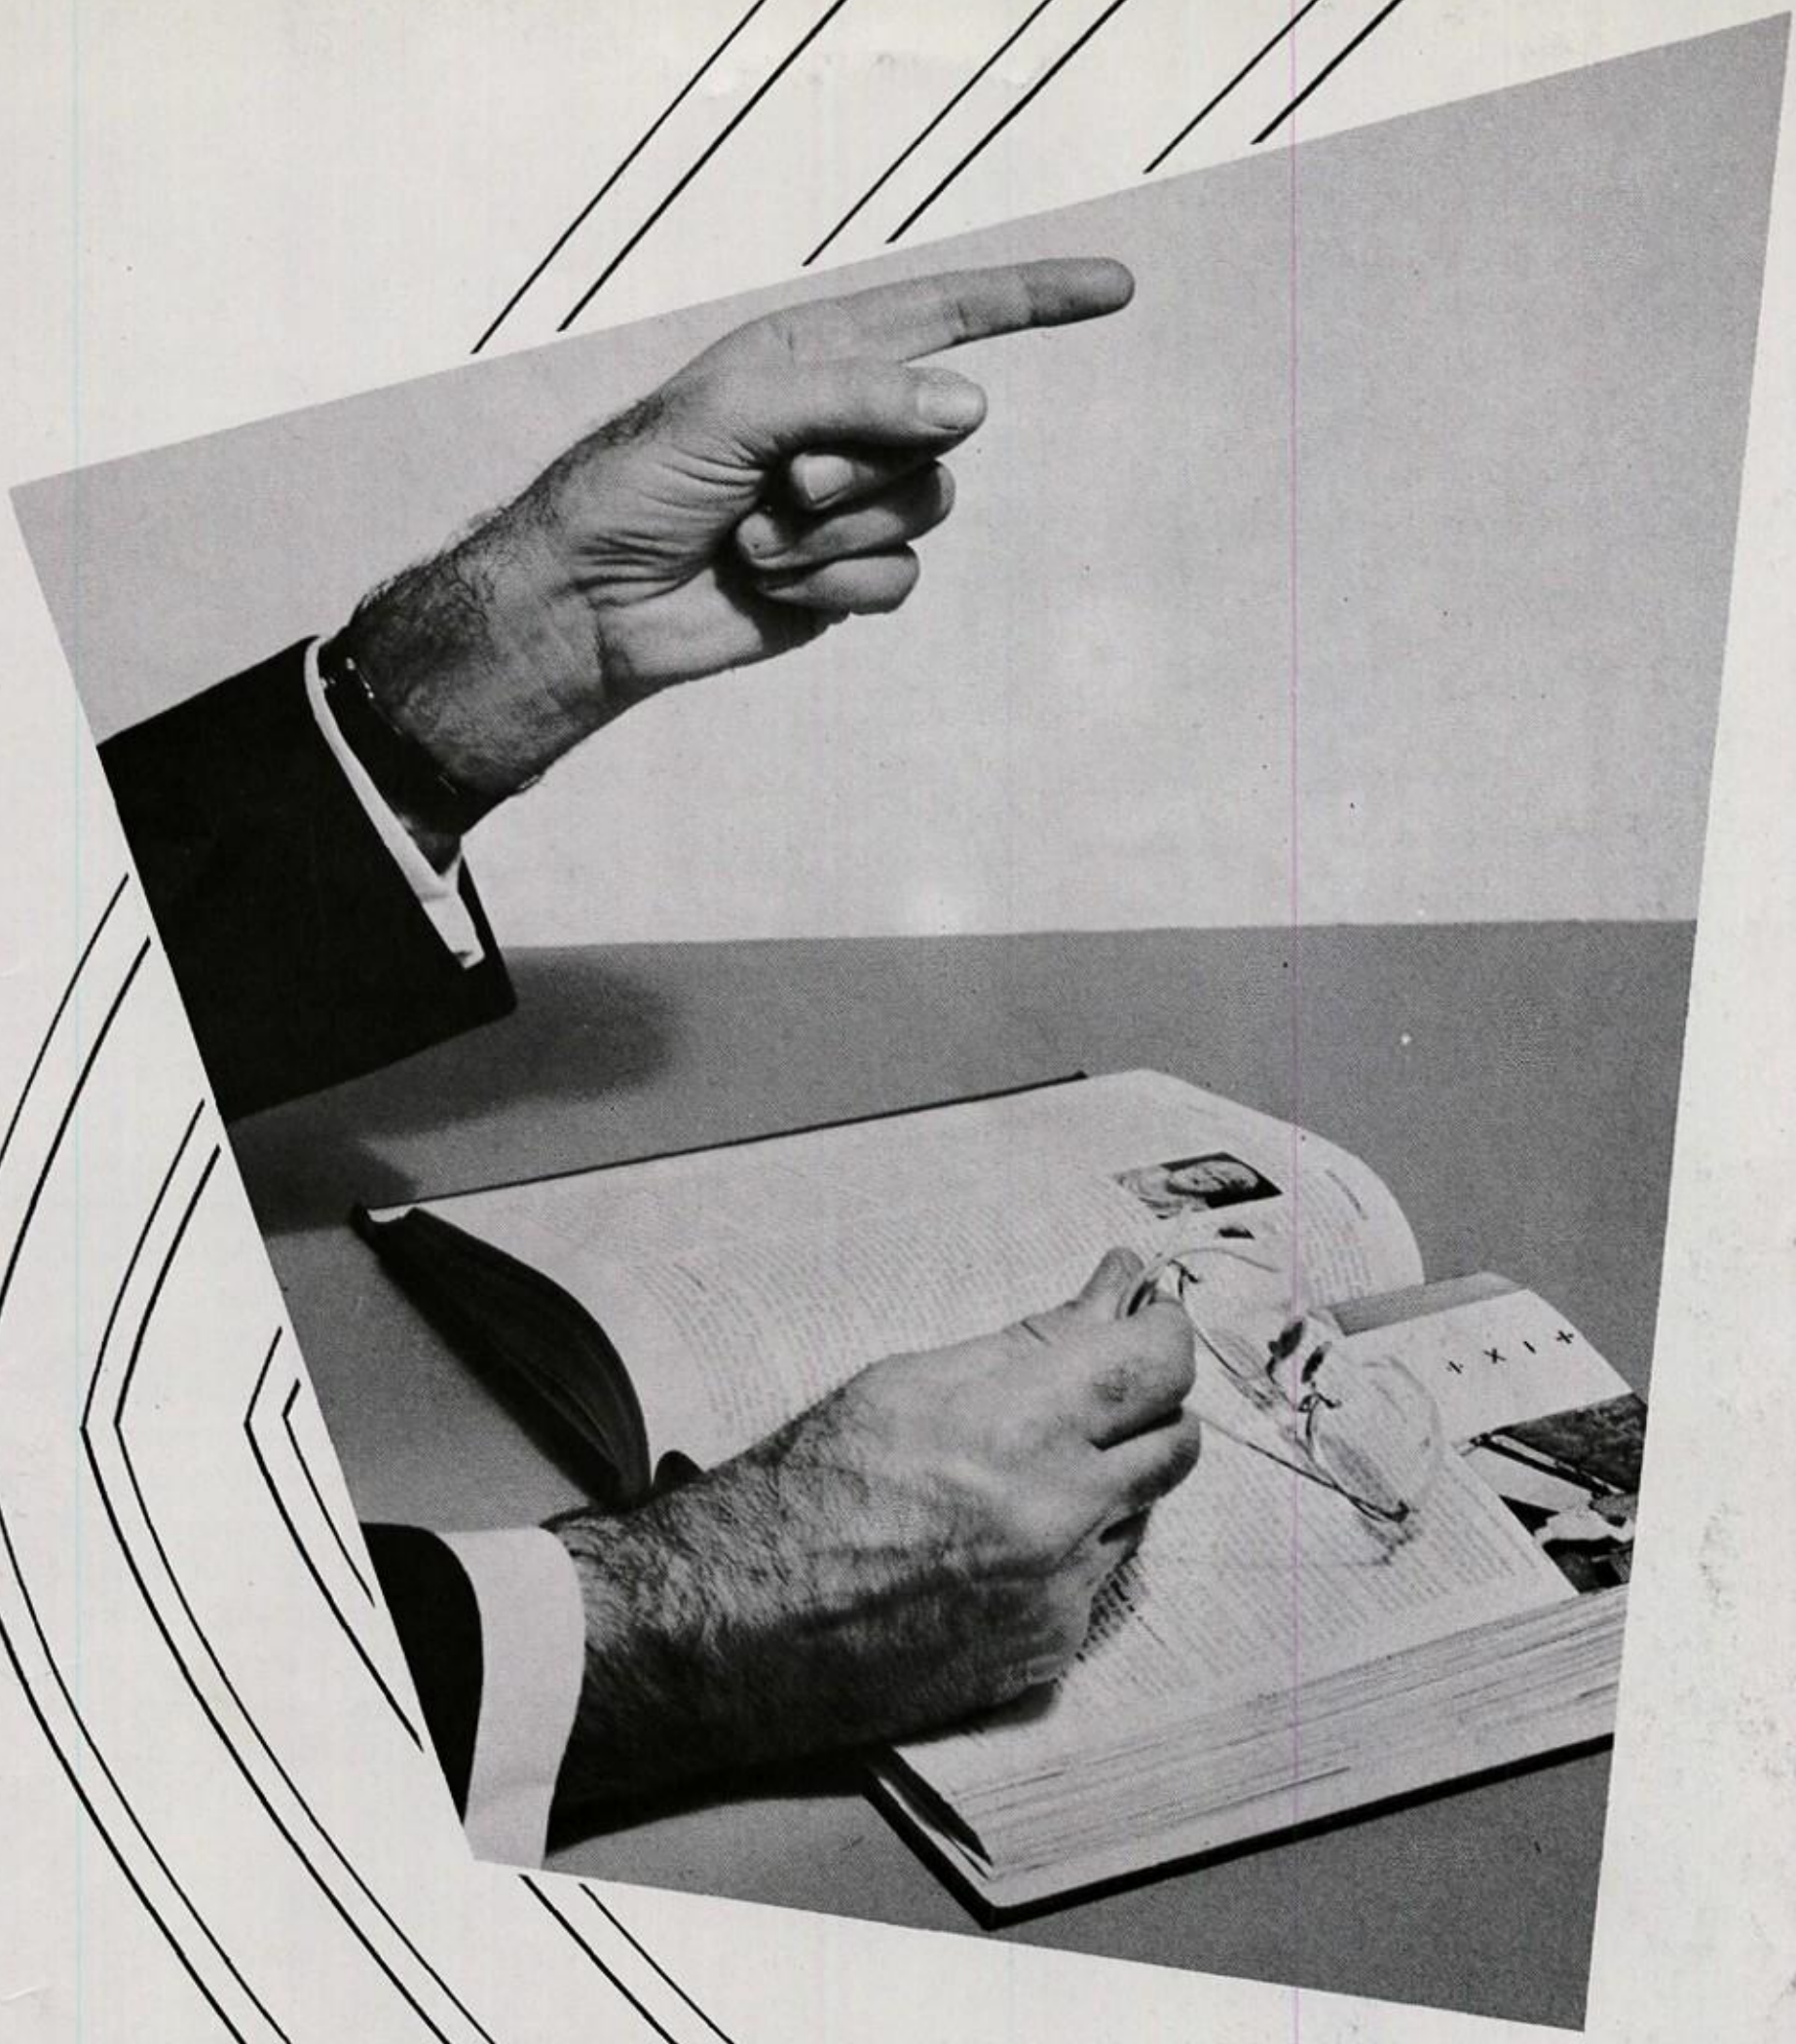
Opening

Dedication

New roads beckon through vistas of the past. A new roof for old memories we will see next year. Only the setting will be unfamiliar. The gem inside is something of which we take a little and leave a little. To fond memories of the past and a bright hope for the future we dedicate this Mograndah.



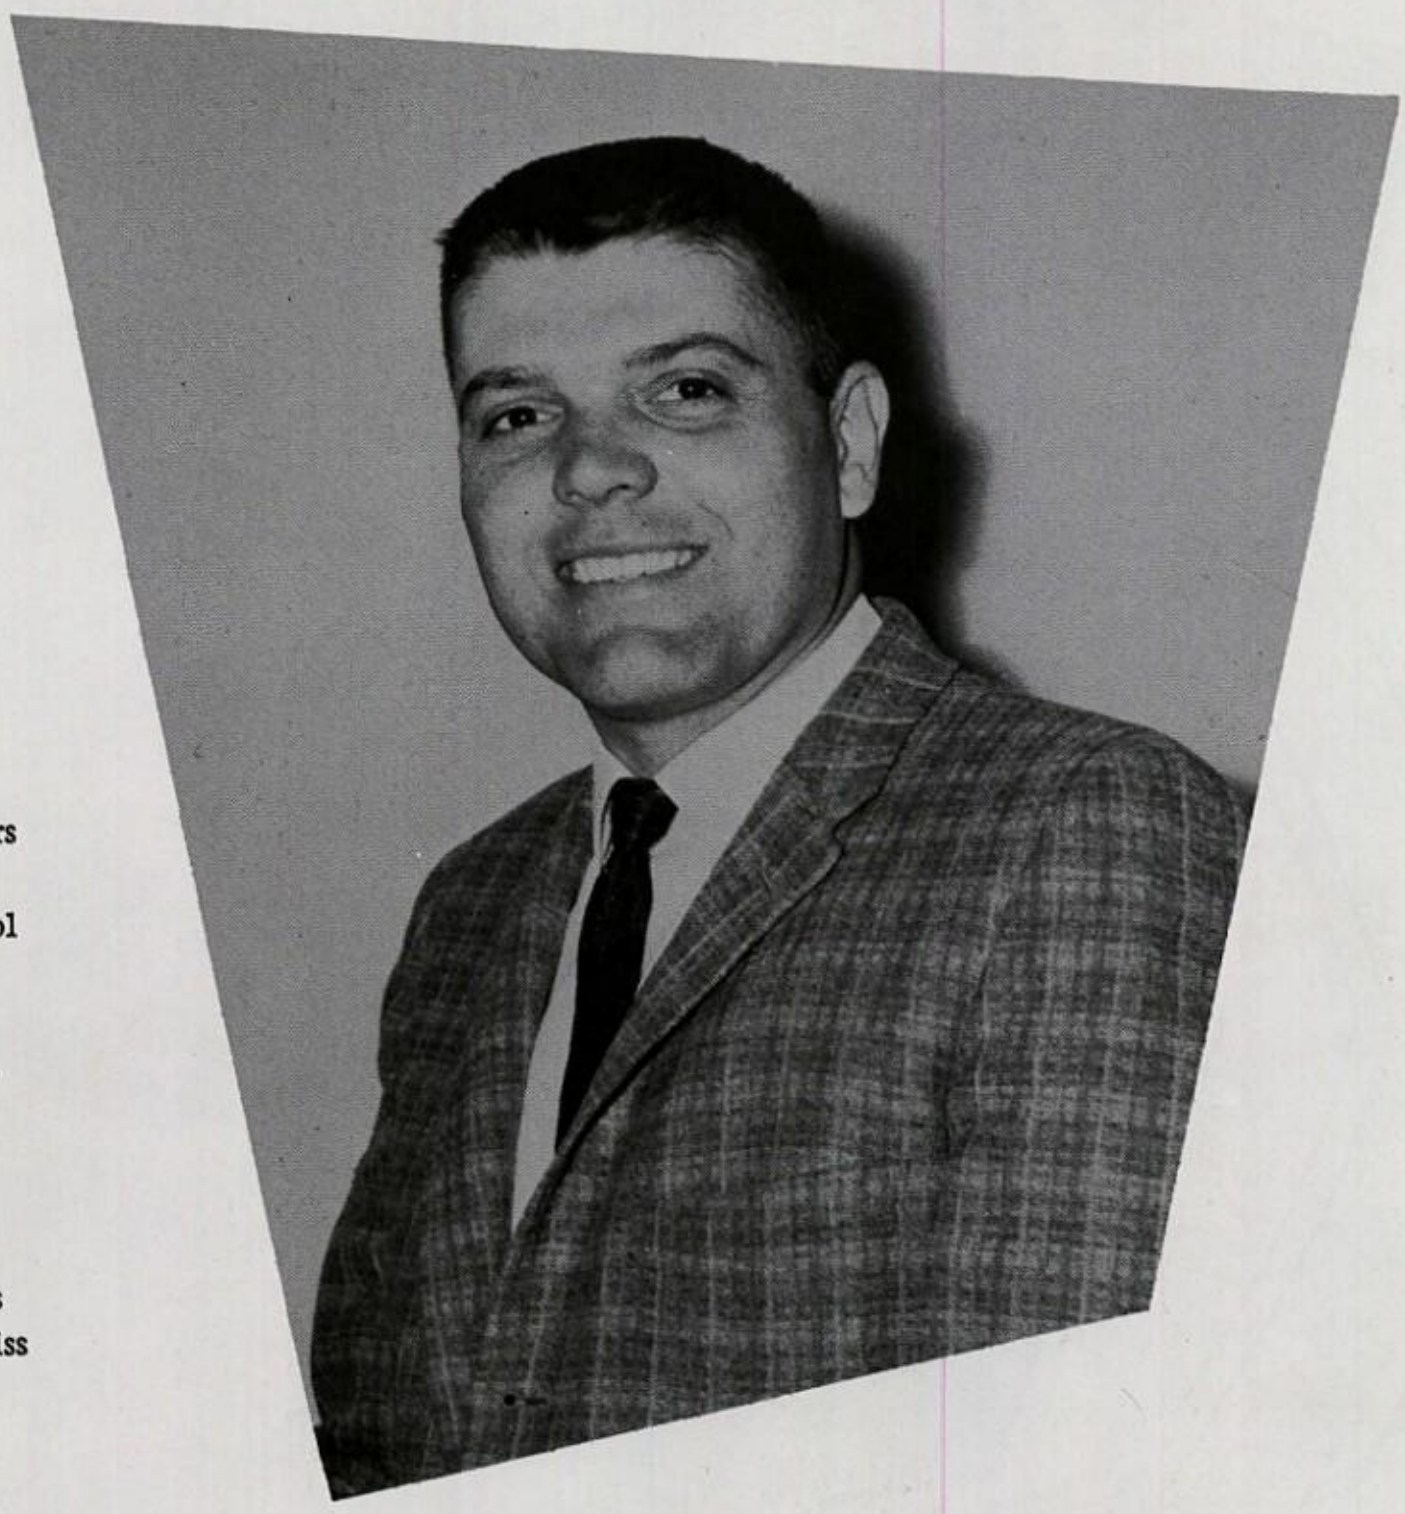
ADMINISTRATION

Superintendent

William H. Stobaugh, our superintendent, is a gift to us from the Colorado school system. In his one year here he has provided the aggressive leadership and firm hand that was necessary to carry our school district through a topsy-turvy year of amazing growth and building. We share his optimism and envy his energy for the future.

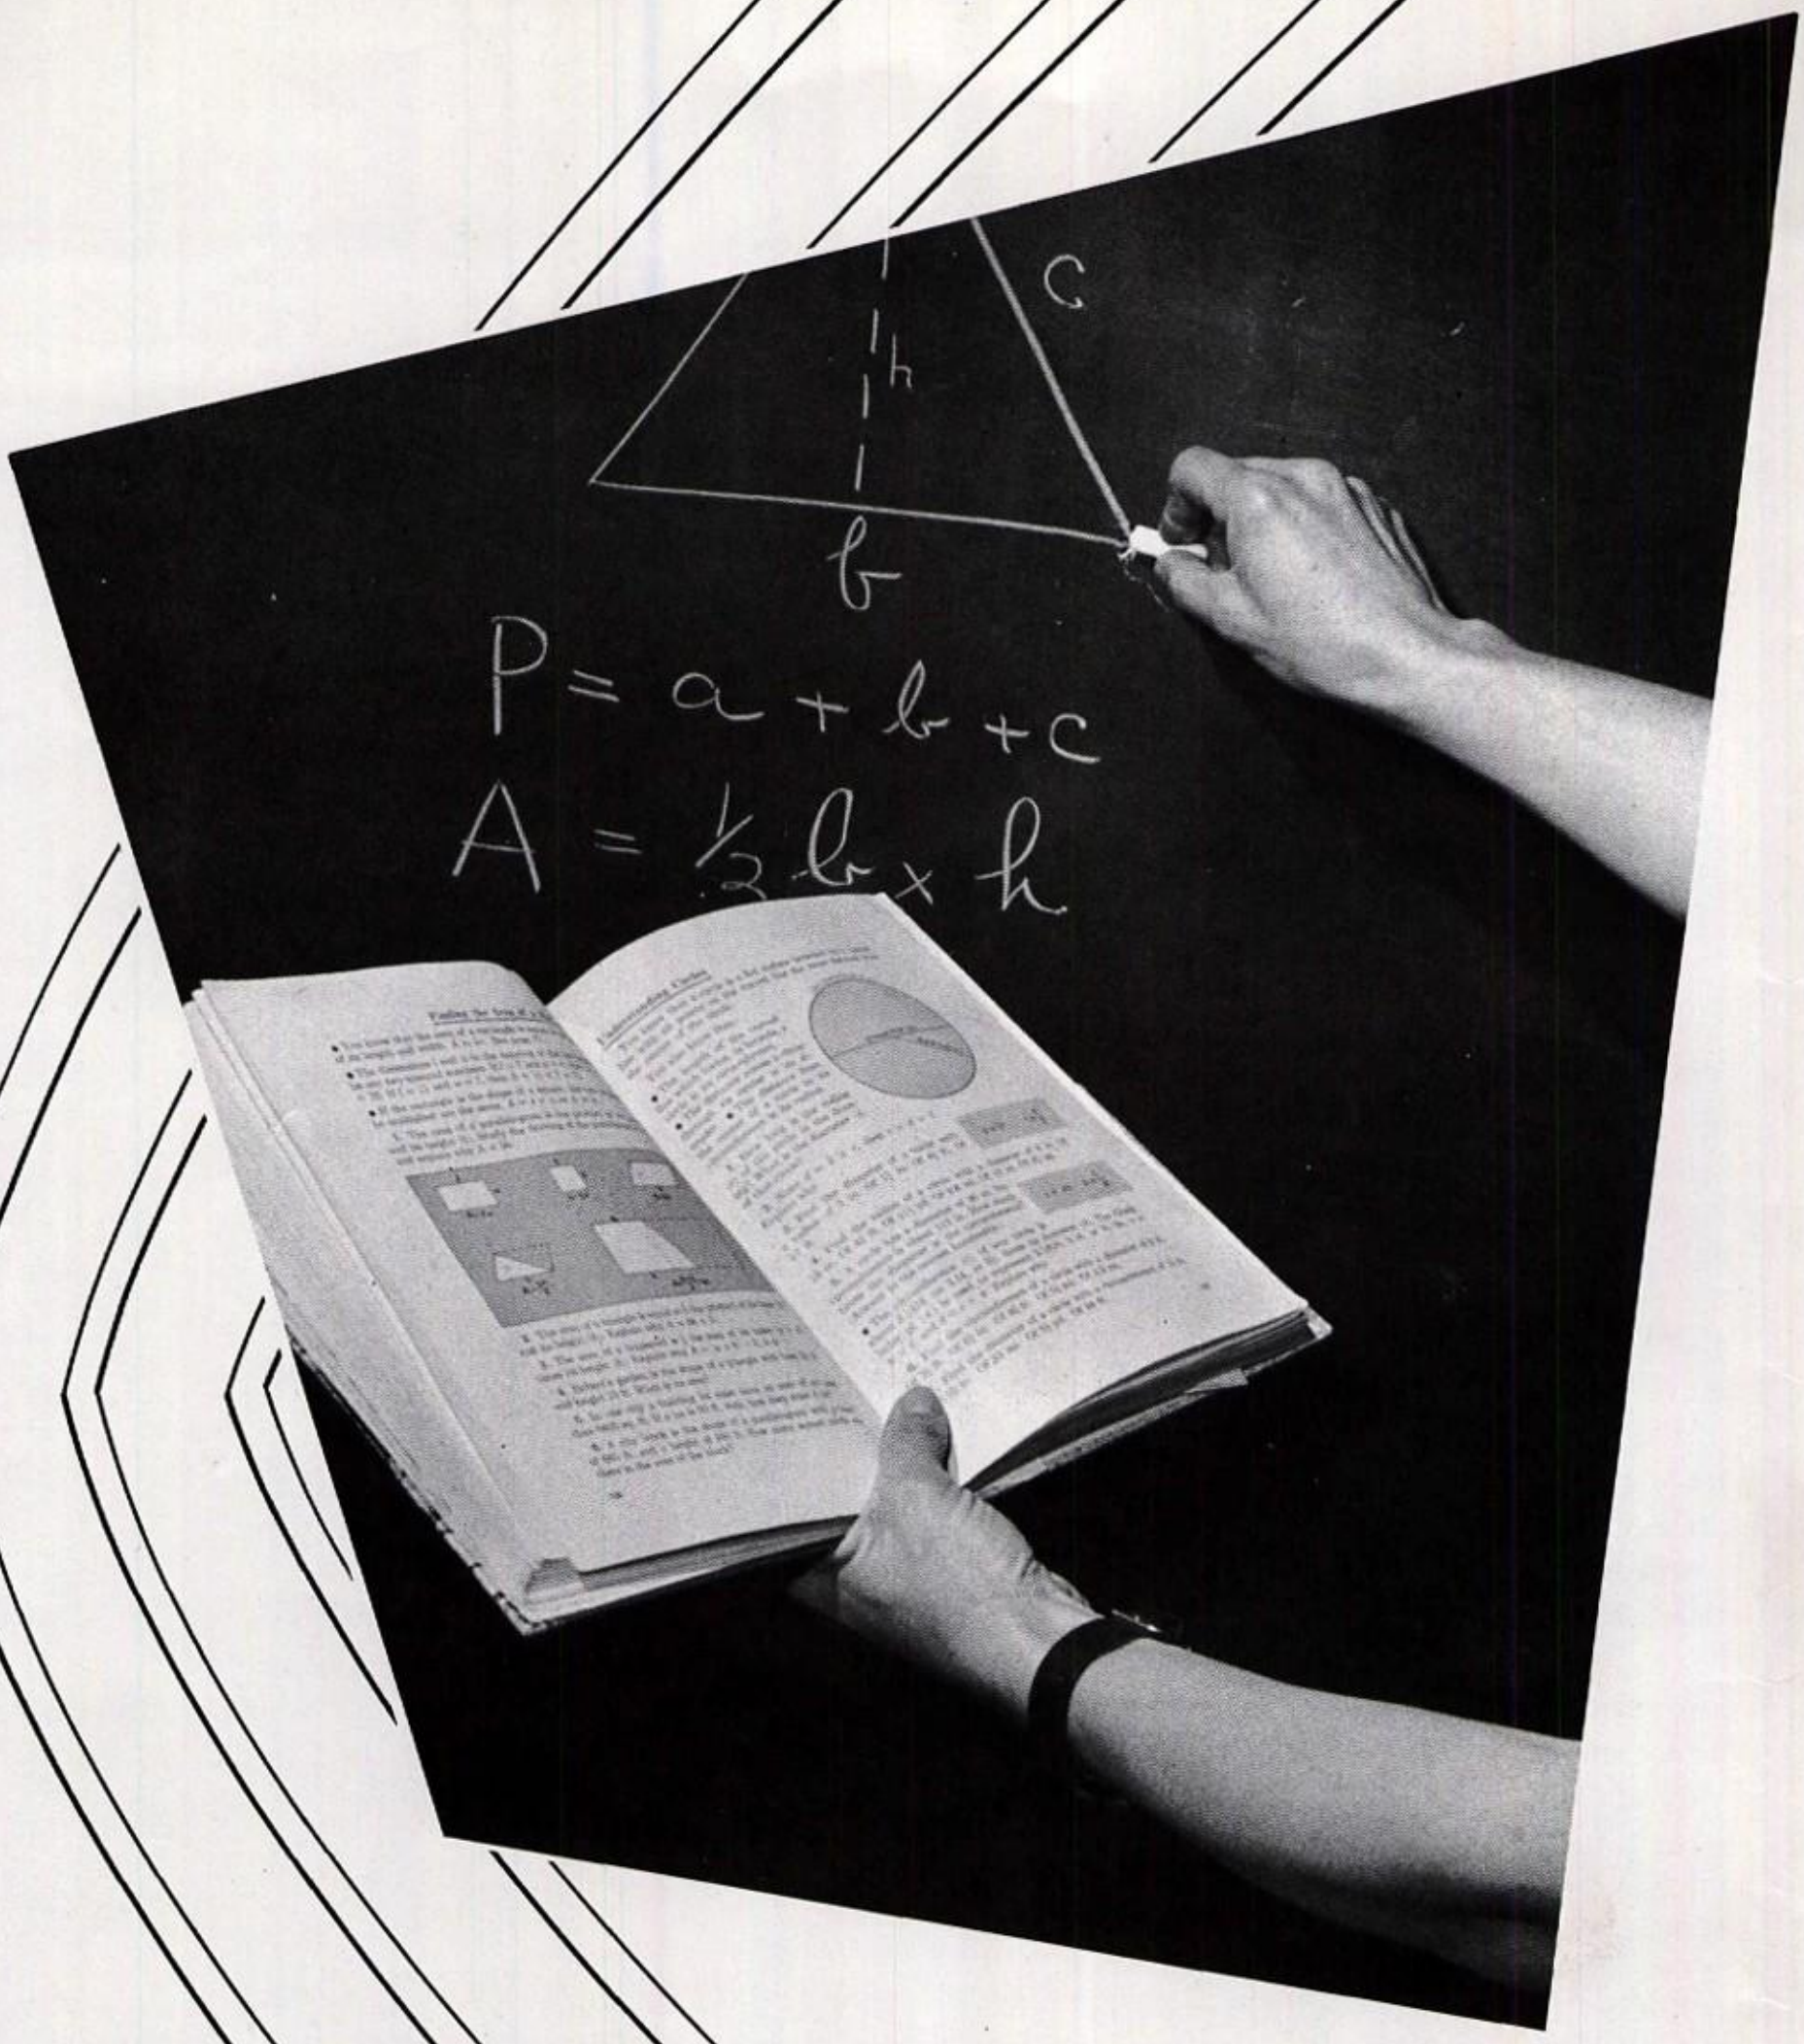
The bright hope of the future... G. C. H. S. we salute you. This will be our new home next year. How soon? Our superintendent asks the same question. A new year, a new school, a whole new outlook is promised.

Principal



Jerald Dugger, the principal of Grand County High School for the past two years bids us good-bye at the end of this school year. Mr. Dugger leaves with the best wishes we can offer. He is a professional through and through and it is no surprise to see him move a-head. We will miss him, but he will miss us doubly after this year of double ses-sions.

With fond memories of the past... G. C. H. S., we bid you good-bye. Ten years ago twelve grades were here. Then there were six, now only two. This is the last Mograndah from this high school--this brick and stone at least.



FACULTY

MRS. ALICE McKINNEY
Secretary

MRS. MARION MACK
Librarian

Our school has many facets that we see less often than our regular teachers and principals. Just as important, though, are the people who handle school records, our library and the problems of students. Their help will be remembered and for some of us be given again in later school years.
